FIVERR

- After finishing my 1st year of the course I decided to enter the working world (whilst I continued to study), so I started working as a Freelancer on the Fiverr Platform (www.fiverr.com/gjordao). On that Platform I have done and I continue to do several projects, some simpler others more complex, for people who need it and request it.
- I currently have 5 Gigs:
    - Java, JavaFX and Maven
    - Discord Bots
    - SQL Databases
    - UML Diagrams
    - React JS, HTML and CSS
